3<sup>rd</sup> November 2025

Dear Parents/Carers,

### YEAR 5 America - ENRICHMENT DAY

The Year 5 Geography topic this half term is 'America'. As part of this, we are exploring the physical and human features of America and the differences compared to England.

We are pleased to let you know that we have arranged for an enrichment day to help us explore these events further. This will take place on **Thursday 20<sup>th</sup> November 2025**. It will be a very exciting day with children learning more about America in greater depth and we hope the experience will help to capture the children's imagination further.

During the day, the Year 5 children will have the opportunity to research the history of America, explore different states, create some junk modelling and participate in many team activities!

If possible, we would appreciate any cardboard, empty (clean) bottles or recycling that you have at home for our junk modelling activity.

We will also be making food with the children on this day, allergies have already been taken into consideration but if you have any concerns please speak to your class teacher.

To enhance the children's involvement even further, they are encouraged to dress up – this could be in red, white or blue and/or stars and stripes, as an influential American figure or, for those who are feeling creative, as a famous American landmark i.e., The Statue of Liberty.

If you have any questions, please do not hesitate to speak to us.

We look forward to enjoying the day with the children.

Yours sincerely,

Miss Scott and Miss Palmer

Year 5 Teachers
