

Autumn

In Autumn what do I see?
Red, wet leaves as rainbow.
That's what I see.

In Autumn what do I hear?
Crackly, smokey bonfire that are as hot
as lava.
That's what I hear.

In Autumn what do I feel?
Powerful, damp air punching me like a
turbine.
That's what I feel.

In Autumn what do I taste?
Sweet, milky hot chocolate melting on
my tongue.
That's what I taste.

In Autumn what do you smell?
I smell the fresh air in the sky.
That's what I smell.
