

Dear Mrs Wakeling

I am writing to you to persuade you not to change the menu, test it on Year four and share facts and opinions on the new proposed lunch menu. This whole change is the worst, awful most unbearable and unexpected situation yet! In QHA's (Quarry Hill Academy's) history yet! As a result of your actions, there are lots of upset parents, children and teachers. Surely it would not take much effort to retract your letter. In this letter, I will be giving you three reasons to change your mind about your new approach to packed lunches.

Firstly, I would like to address my first reason for your poor, useless decision. We feed in Year 4 it is very unfair, unbearable and horrible that this lunch issue (catastrophe) is only happening to year 4 and not the other year groups. In addition to this, research showed, when asking 61 year 4 pupils if they agreed with this change. Every single child; which is 100% disagreed on this new initiative.
