

The Giraffe

The giraffe has 4 legs.

It has a long nice neck.

On top of her head sits two little ears. Above her ears are beautiful eye lashes.

Her fur is different shades of

orange. She has a small round body. Also she is a beautiful animal. She has long dark

tongue. When she walks she walks elegantly because of her lovely long legs.

Every one loved the beautiful giraffe because she was nice to everyone including Billy.

Because she has such a long tongue she can eat leaves from the tallest pink trees.
