

I dreamed once,
children laughing at the pool,
Playing with amazing, fun floats as fun as an ipod,
Swimming so fast they thought they were cool.

I dreamed once,
Me relaxing peacefully on the sea,
The sea was home to all the friendly fish,
The only one there was me.

I dreamed once,
I performed a trick,
Lots of people came to watch,
My favourite one is ... when the skateboard got
flicked.

I dreamed once,
I was playing with a ball,
I was as good as the best,
But actually I woke up in school.

I dreamed once,
I was as fast as a crow,
The crow was as black as night,
But I got shot by an old, bad bow.

I dreamed once,
I was reading a book,
It was a magic book,
But I saw someone that looked.
