

Dear my dearest son Veridian,

My heart aches not being with you. I am very ~~sorry~~ for abandoning you as your mother died. I also understand why you ran away: My machine. It is the reason for everything, why I am gone. I am very sorry for not being there when you needed me the most. I love you the most and please forgive me; I need to turn back the clock; ~~before~~ it is too late. I died because I was a monster. Your mother died because of the creature I was becoming. If I could go back in time I would. I wouldn't forgive myself. I was money-hungry because of my machine. I gave you a clock before I abandoned you so you could remember me. I hope you still remember me and forgive me for everything I have done.

Love your deeply

Sorry Father.
