

Once upon a time there was
a young boy who was at
home tidying his things. Then he
found an old toy plane in the
cupboard and he flew higher
and higher. Suddenly there was a
loud noise coming from the
engine. It broke down. The plane
landed on the bumpy
moon. Someone else was
in trouble too. The alien
crashed his spaceship onto
the moon. The scared
boy and worried alien
could hear strange noises
in the darkness. The alien
and the boy met each other and
hugged.
