Headteacher - Mrs S Wakeling

Dear Parents/Carers,

YEAR 5 Climate Change - ENRICHMENT DAY

The Year 5 Geography topic this half term is 'Climate Change'. Because of this, we are exploring the impact that human geography has on the local, national and global landscape. We are pleased to let you know that we have arranged for an enrichment day to help us explore these events further. This will take place on **Friday 22nd March 2024.**

It will be a very exciting day with children learning more about Climate Change in greater depth and we hope the experience will help to capture the children's imagination further. During the day, the Year 5 children will have the opportunity to make bug hotels, bird houses, do some planting and learn more about how they can help fight climate change.

If you have any questions, please do not hesitate to speak to us. We look forward to enjoying the day with the children.

Yours sincerely,

Miss Evens and Mrs Bradding
Year 5 Teachers
